Owner's Pirst Victory on the Running Turf wiful Shows Stamina and Speed and Takes Mile and an Eighth Handleap the Big Players Lose on Scorpio.

NEW ORLEANS, March 4 -- Dick Bernard, the colt for which E. E. Smithers paid Durnell the Herz \$5,000 yesterday, won the Premier Stakes for two-year-olds, which was the star event of to-day's racing card, and scored Mr Smathers's first victory on the running turf. He made all his own running and won pulled up by eight lengths. Petunia was conceding the Smathers purchase eighteen pounds and the task proved too much for her over the heavy track. Wilful, giving weight to everything in the mile and an eighth handicap, showed both stamina and speed. Her chances are not to be sneezed at in the Derby, particularly if the track is To-day she simply galloped all the

way and won unextended. Another Derby candidate, Standard Bearer, appeared in the handicap. Scorpio was believed by the big players to have the sixfurlong purse affair cinched. The belief Frank Foster both beat him out. He had an excuse in being crowded back at the start. The first race was a gallop for Versifier.

PREMIER STAKES TO SMATHERS | FOR ORDER ON THE BALL FIELD. Pulliam Wants Power to Act-National

League's New Schedule.

The adoption of a new schedule, to succeed the one adopted last December, and the formal presentation to their new associates in baseball of the two Philadelphians who are to represent the Quaker club were two things done at the National League meeting in the Victoria Hotel yesterday. The revised schedule is constructed along the same lines as that which was adopted before peace was made with the American League. The new one provides for twenty League. The new one provides for twenty games each for the eight clubs, instead of twenty-two, the season closing on Sept. 27, to make room for probable games with

the American League teams.

The championship season will begin on April 15, with Boston in Philadelphia and Chicago in St. Louis. The New Yorks will not open until the day following, nor will the Cincinnatis. The former will open at home with Brooklyn and the latter at home with Pittshurg. The number of condicting with Pittsburg. The number of conflicting dates with the American League is comparatively small, as follows: Ten in Boston, two in New York, five in Philadelphia, four-

teen in Chicago and six in St. Louis.

Col. Rogers and A. J. Heach of Philadelphia both made short speeches touching upon their retirement from active participation in the legislative affairs of the National League. They introduced their successors, James Potter and Edward Hyneman, and

James Potter and Edward Hyneman, and spoke a good word for them. Hart of Chleago moved that Messrs, Reach and Rogers be made honorary life r.embers of the National League, and the resolution went through with a rish.

President Pulliam displayed symptoms of a genuine desire to improve matters on the ball field in regard to the behavior of players. He does not want to be a figurehead in this respect, and be suggested that instead of having to report on questions of rowdyism and finding fault with umpires to the board of directors, he be vested with power to take immediate steps himself toward squelching outbreaks on the field and the causes thereof. It is expected that there will be a report on Pulliam's suggestion at to-day's session. Col. Rogers was succeeded by Mr. Potter as a member of the committee on constitution, and Mr. Hart made his report on the action of the joint rules committee at Chicago. The magnates decided to have no night sessions hereafter, which will give them more opportunity to take in the beauties of the upper Broadway region. Those present at yesterday's meeting were:

JOHNSON HARD AT WORK.

Location of Grounds. The American League will hold its annual spring meeting at the Fifth Avenue Hotel to-day. About 1 o'clook the delegates will convene in Parlor R D, which was long oc-cupied by the National League. President Johnson, Charles Comiskey of Chicago and Benjamin F. Shibe of Philadelphia arrived here yesterday. President Johnson said last "We will probably be in session about two

days and will fix up a lot of business New York situation will be settled definitely and the location of the grounds will be made and the location of the grounds will be made known. There is no bitch now and everything will be plain sailing. As soon as we give out the details, work on the grounds will begin at once. New Yorkers will know all about it before Saturday sure."

Johnson did a good deal of hard work on the local proposition yesterday and held a number of conferences with persons who will later become identified with American League affairs in this city. All of the delegates will get in this morning except C. W. Somers of Cleveland, who is at Hot Springs and will not be able to attend. Clark Griffith, the manager of the New York Americans, will be here to make several trades.

To-Measure Apparel for Men.

The cleverest tailoring talent to be found anywhere spends

its efforts in this city. Nor is there a dearth of it. But

the average man finds eighty or a hundred dollars for a suit or coat just beyond his purse limit. He is left to the

mediocre tailor, whose creative bump is sadly deficient.

His efforts find expression in garments that are inferior to

those which we provide ready-for-service. Yet he has

the effrontery to ask from forty to fifty dollars for them.

Here and there you will find a tailor who asks but a

modest price for apparel which is almost as good as the

knack which tends towards individualizing apparel for

men, whether it be in cutting or fashioning. May we

demonstrate it to you? It will cost you from thirty-five

In reply to the proposition of George Spear that the race between Lord Derby, 2.25%, and Major Delmar, 2.95%, be three in five heats instead of two in three, A. P. McDenald, trainer and backer of Major Delmar, ears in a telegram to The Sun that he will not trot a three-in-five race. He will trot it as he proposed, two in three, and make it for July 4, and under these conditions he will accept Spears propositions as to forfeits and post the amount at once.

When this communication was shown to the trainer of Lord Derby he replied that he was not prepared to give a definite reply without further consideration. If feel that it weld not be proper for me to concede a point I consider of vital importance without first consulting Mr. Smathers, was his answer. Mr. Smathers is en route from New Orients to California, and it may be two or three days before he can be communicated with.

Secretary Reeves of the New York Driving Club is already in touch with both parises, and is trying to arrange to have the race trotted over the Empire track. If the principals can agree upon the date of July 4, the association will arrange additional races to make a full programme of sport.
